

# The Engine Research Center

*Invites you to attend the*

## T-25 Breakfast

An opportunity for ERC Alumni to gather and visit.

**Wednesday, April 14, 2010**

**7:00 am – 9:00 am**

**Renaissance Center – Food Court**

Join ERC faculty, staff, students, and alumni in the food court at the lower level of the Renaissance Center for an opportunity to gather and visit.

Consistent with the tough economic times we will continue this year's event as a no host event. There are a couple of fast food restaurants that you may choose between, or you may wish to bring your own coffee and muffin. Most importantly there is a lot of space for us to gather and visit, which has always been the focus of the event.

It is understood that travel budgets are tight, and travel restrictions may be in force. However, if you are able to attend the SAE Congress - please stop by and meet with friends and colleagues who are the heritage of the ERC, and meet the current graduate students who carry on your legacy.

**SAE Presentation Times & Abstracts are available:** <http://www.erc.wisc.edu>

*We look forward to seeing you...*
